

IRC Global Executive Search Partners – Mexico QualiFind

Filling a Niche Need

Evolving to Thrive

As the global economy evolves, and becomes increasingly intertwined, QualiFind provides the best talent so that client organizations can thrive in a globally competitive, continuous improvement-oriented environment. We understand the business cultures of both the US and Mexico, and the intricate nuances of dealing in a cross-border region.

Entrepreneurial Approach

Our senior managing partners have exceptional talent. Fernando Espinosa developed QualiFind and AgriFind in Mexico, building an extensive database within maquiladora industry sectors, as well as in Mexico's agribusiness. Warren Carter's entrepreneurial skills, extensive network in the US and Mexico, and his understanding of the value of workplace diversity, led him to develop QualiFind and QualiFind Career Transitions.

Global Boutique

We bring the best of US and Mexican business cultures to every project. As a partner firm in IRC Global Executive Search Partners' alliance, we have exclusive access to resources that are global in breadth, yet retain that essential, unique local knowledge and commitment.

Unique Cross-Border Partnership

QualiFind head office is in California; branch offices are in Colorado (US) and Nuevo Leon (Mexico), while AgriFind has offices in Chula Vista and St Louis, MO. Our focus is on the technical, middle management and executive levels, in automotive, consumer, aerospace and medical devices. QualiFind Career Transitions is a separate outplacement/career transition service, while AgriFind focuses on the agribusiness recruiting/executive search.

At QualiFind, we successfully bridge the cultural differences between the US and Mexico, and the many foreign investors that work within North America and Mexico.
