Made-To Measure Solutions

Matchmaking: Passion and Knowledge

We see ourselves as an integral part of our clients' HR/senior management team; we get a clear insight into the business, its passion and operations. Knowing what drives candidates, what their passion is and which position matches that best, is equally important. Matchmaking on this level is more than an analysis of a candidate's CV; understanding ambitions and the importance of new challenges is vital.

Discretion, Quality and Timeliness

Our clients are market leaders in the public, private and non-profit sectors. They share our passion for achieving the highest quality, and understand that in order to achieve that, you need the best people. We are there to find those candidates with the necessary vision, drive and ambition to achieve that level of quality.

Global Boutique

As a partner firm in IRC Global Executive Search Partners' alliance, we have exclusive access to resources that are global in breadth, yet retain that essential, unique local knowledge and commitment. From our Amsterdam offices, we have successfully completed country and international searches.

Market Leaders

We work across diverse sectors, including FMCG, retail, manufacturing, offshore services, healthcare, and professional and business services; our clients include Fortune 500 organisations, successful entrepreneurial companies, governments and international NGO's. We specialize in director level, senior management and specialist placements.

At Hagoort & Partners, we ensure that our clients connect with the best available candidates but also and more importantly, the best candidates in the marketplace.
