**February 20<sup>th</sup>, 2019**

IRC Global Executive Search Partners will hold IRC Asia Pacific (APAC) C-Suite Summit themed “Transforming the Leaders: To Be FutureReady” on February 22<sup>nd</sup>, 2019. Over 80 C-suite executives from 11 countries will explore how do leadership thinking & behaviour need to be changed to get ready for the future.

IRC will hold the largest C-suite thought leadership event in its history. The summit will take place in The Leela Ambience Gurugram Hotel & Residences in New Delhi, India.

IRC partners representing 11 countries of the Asia Pacific region have invited C-suite executives from various industries, including automotive, energy, e-commerce, consumer & retail, healthcare & life sciences or technology. The event will start with a keynote speech delivered by Prashant Tandon, Co-Founder & CEO of 1mg, India’s largest digital health platform. Following the speech, the participants will discuss the hot topic of today: How to transform current leaders to be future-ready? They will focus on what organisations are doing in this regard and what imperatives and initiatives are available to CEOs and emerging leaders for them to succeed.

The summit topic has been prepared in cooperation with the IRC Institute, global thought leadership platform that explores intercultural management in the era of disruption as its overarching theme.

Stepan Motejzik, IRC Global Alliance Director, looks forward to the discussion: “The volatile times require agile leaders with the ability to embrace the continuous change. I am excited about the opportunity to discuss the drivers and consequences of the massive transformation with leading executives of the Asia Pacific region and to put these learning into the context of the developments in Americas and EMEA.”

“I am looking forward to the evolution of a new leadership paradigm where the organisations are able to embed creativity and innovation in their Leadership DNA. Also, to identify key early-indicators of FutureReady CEOs who will be able to mitigate uncertainty and unpredictability to transform and triumph over all disruptive elements,” adds Gurdeep Hora, IRC Asia Pacific Regional Leader.
